LAKE GENEVA ZIPLINES & ADVENTURES

News Release

Lake Geneva Ziplines & Adventures is open for business as repairs are underway following storm damage.

Lake Geneva, Wisconsin, July 8th 2026

Mid-afternoon on Friday, July 3rd a fast moving storm brought heavy winds to Lake Geneva, exceeding 90-100 miles per hour. Damage was sustained to the High Ropes and Zipline Courses resulting in a one week closure of all adventures as damage is assessed.

Thanks to the quick thinking and emergency response training of our incredible staff, everyone was safely on the ground and in shelter when the storm hit. We are beyond grateful that every guest and team member is safe. Safety is and always has been our number one priority. We are working to bring in a team of arborists to assist in our clean up and rebuild efforts. For the foreseeable future, hiking and biking trails will remain closed as hazardous fallen trees are cleared and construction begins on our adventure courses.

Operations reopen Saturday, July 11th with two available adventures:
Dual Racing Zipline and Climbing Tower.

Our LG Beer Garden continues to remain open daily! Stop by to grab a beverage, play classic lawn games and enjoy your time in the middle of native Wisconsin prairie and forest. Summer Kickbacks at the LG Beer Garden will continue as planned on the last Saturday of the Month through September.

Adventures continue! Join in the fun.
